S. 503

Spanish Peaks Wilderness Act of 2000

As cleared by the Congress on October 23, 2000

S. 503 would amend the Colorado Wilderness Act of 1993 (Public Law 103-77) by designating about 18,000 acres of federal land within the San Isabel National Forest in Colorado as the Spanish Peaks Wilderness. The land is managed as a wilderness study area under current law. Changing the legal status of this land could affect the amount of offsetting receipts (a credit against direct spending) collected from this property, but we estimate that any such effect would be insignificant.
